Mars, the planet of war, is retrograde from last December to February 24. This is a bad time for curses, black magick, and revenge spells, as the energy can rebound or backfire. The 8 Sabbats are important Satanic/Pagan holidays. These dates align with the Sun, and are times to indulge, feast, and honor our Gods and Goddesses. Telepathic communications and workings of magick are greatly amplified during these holidays. The eight major Sabbats are the Equinoxes and Solstices of the Sun's year, and the 4 cross-quarter days that come between them. The 13 Full Moons (Esbat) are also power dates, and greatly amplify workings of magick. These dates are all included in this calendar, as well as ideas for workings based on the position of the Moon, other planets, and planetary day of the week. Spiritual Satanism is about celebrating and enjoying life!

# MARCH 2025

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
--------	---------	-----------	----------	--------	----------	--------

Spring Equinox is the original Easter/Ostara, in celebration of our Goddess Astarte. This is an important day for beginning the Magnum Opus, and is related to fertility, renewal, rebirth, taking action, and beginnings. Symbols include rabbits, eggs, and flowers.

When Mercury goes retrograde, listed in the pages for March, July, and November (lasting for 3 weeks each time), this will negatively affect travel, communications, and electronics. This is not a good time for spells for exams, education, intellect, or knowledge. Signing contracts and leases is to be avoided. However, editing, revising, and research will benefit from the energy of Mercury Rx.

Beltane (pronounced B'yal-t'n), begins on sundown April 30 and lasts until sundown May 1. Beltane is an ancient celebration of fertility. This sabbat is in honor of our God Enlil (Baal). Telepathic communications with spirits and our Gods are heightened. Traditionally, people would dance around the Maypole (representing the phallus), and couples would jump nude through the bonfire together and engage in all-night sex. Dancing, feasting, and making repairs to one's property are also customary.

The Void of Course Moon happens every few days, lasting for a few hours (or less), to more than a day. These times are clearly marked throughout this calendar (VoC). When the Moon is VoC, this is not the time to begin a new project or magickal working, purchase new items or clothing, sign contracts, apply for a job, or make plans. However, this is a time filled with loopholes, and having less distractions.

Witches Sabbaths are dates to begin a purification cycle, to deep clean the soul and chakras. You can begin on Friday night after sundown, or Saturday morning/afternoon, and do a 7-, 14-, 21-, or 28-day cycle. (They are marked for Saturdays in this calendar, but can be started the Friday night before.)

The magickal workings listed are a combination of:

- Moon phase and sign
- Planetary day of the week
- Condition of planets ruling the working. For example, you might notice a day when Moon is waxing and in Libra, day of Venus (Friday), and wonder why a love working is not listed. This could be because Venus is in detriment sign or retrograde.

Summer Solstice, when Sun enters 0° Cancer, is an important Satanic Holiday. The Solar chakra is greatly amplified, and all workings to empower it benefit from the energy. Solar magick, telepathic communications, fire magick, divination, blessing of tarot cards, gathering herbs, infusing herbs and items with solar energy, healing, and runic work are all favored. Baal fires (bonfires) are traditional.

The listed dates for magickal workings are a suggestion based on ideal timings, but you can do workings on other dates. Always try to do your working in the best planetary hour for your goal, for optimal results.

Saturn will be retrograde from July to November. When it retrogrades over a personal planet, or through your 1st house, this can be a very problematic time. Make sure to build your protection and keep your energies raised.

Fall Equinox is a good time to begin and put things into action. Mabon is the balance between light and dark, as the day and night are equal length. Traditionally, this is the day of the great hunt, that also honored all Gods and Goddesses of the Hunt. Symbols of Mabon include acorns, the stag, baskets, scarecrows, sickles and scythes. Traditional foods include apples, squash, and other earthy vegetables, cranberries and pomegranates, seeds and nuts, mushrooms, stews, any wild meat such as venison.

Halloween, or Samhain (pronounced Saw-win). The last harvest festival, storing crops, and preparing for the dead of winter. A time to honor the dead and our ancestors. Endings. Feasting, trick-or-treating, costumes, monsters and ghouls, and images of death are traditional, but NOT anything insulting or blasphemous to Satan and our Demons/Gods. Carving pumpkins, placing out cauldrons, broomsticks, and decorations of ghosts are also traditional.

Hitler and Himmler began the tradition of making November the month to remember and honor our ancestors, loved ones and friends who have died. Life is sacred for us SS, and the lives of our ancestors are to be honored. Visiting graves, lighting candles, drinking a toast, and displaying any pictures of our friends and family who have died, are sacred and important rites during this month. Beloved pets can also be remembered.

Yule, or Winter Solstice, typically lasts from the 21 through the 23. Feasting, indulgence, taking pleasure in the physical and material aspects of life, decorating the home, Yule tree and wreaths, gifts, cooking, baking, family celebrations, get-togethers, and Santa Claus for the children. Blue lights honor Satan, as this is His color. The Yule tree is symbolic of the soul, with the trunk representing the spine, the lights representing the chakras and nadis, and the star at the top represents the risen Serpent of Satan. This holiday honors our true Creator God, Satan!
